

The Samo Newest EP Album Enigma

The album released September 13th 2025, features a quest to heal the broken land of Samogolt

THE SAMO BIOGRAPHY

Terbentuk Tahun 2024

Hailing from Malang, ID, The Samo ignites its "Rambling Shout, Chaotic Rock" theme, sparked by wandering entities surging into the waves.

The Samo was formed by Silly Grime as the shouter/vocal and pulser/guitar, Dipta Isya as the picker/guitar, Azam Akbar as the rooter/bass, Eden Husain as the detonator/drum.

PRESS RELEASE

The Samo, Unveils Mythic New EP, Enigma

The album released September 13th 2025, features a quest to heal the broken land of Samogolt.

[Malang, Indonesia] – The Samo has released their highly anticipated new EP, *Enigma*. The album made its live debut on September 13th, coinciding with a performance at the Fest For Music stage.

The four-track EP tells the epic tale of a pilgrim whose simple journey for the world's finest cloves blossoms into a sacred mission to heal the almost-shattered land of Samogolt. A once-glorious realm now rife with misery, Samogolt's fate rests on the pilgrim, who is guided by a subconscious whisper from the land's warden, 'Stygian.'

"The sound design on our newest EP album crafts an ominous atmosphere with a whistling sound to assist its major theme," explains Silly Grime.

The Tracklist: A Story of Ruin and Redemption

The Enigma EP unfolds as a dramatic narrative:

- '*Initiate of Enigma*' A dark dirge sung by the minders who guide the pilgrim to Samogolt's gates.
- '*Paralyzed*' An ode chronicling the suffering and injustice met by the minoritized citizens under the corrupt regime.
- '*I See The World*' Narrates the history of a greedy lord whose endless desire brought ruin to the realm.
- '*Stygian*' The final, climactic track where Stygian and the "geese of Hades" confront the destructive ruler of the golden land.

Enigma is available now on Spotify, Apple Music, and all major digital streaming services.
